

Ulrich Baumann, MD,

Ulrich Baumann, MD, Professor of Paediatric Gastroenterology and Hepatology, Hannover Medical School, Germany and Institute of Immunology and Immunotherapy, University of Birmingham, UK

Following training in Birmingham and Essen Dr Baumann was appointed Chair in Paediatric Hepatology and Gastroenterology at Hannover Medical School, Germany. Dr Baumann's research interests focus on rare and metabolic liver disease and liver transplantation. He is PI of the EnprEMA recognised paediatric liver transplantation network *ChilSFree* and local PI of the European Horizon 2020 gene therapy consortium *CureCN* and the German PFIC network *HiChol*. Since 2023 he is Regional Coordinator for the European Reference Network *TransplantChild*. In 2019 he was elected paediatric board member *European Liver and Intestine Transplant Association* (ELITA). Dr Baumann served the *European Society for Paediatric Gastroenterology, Hepatology and Nutrition* (ESPGHAN) in different functions and was elected President of the Society in June 2022.
